

PROPOSAL

Website & SEO for a powersports dealer in Romania

Design, build and Google visibility for a dealer of the ASP Group range: Polaris, Segway Powersports, TGB, Linhai, Indian Motorcycle, Royal Enfield and more.

Prepared for	[Client company]
Prepared by	[Your company name]
Proposal no.	OF-2026-001
Date	06.10.2026
Valid until	05.11.2026

Summary

One complete package, everything included, at a friend price: a website that sells the full ASP Group range and has its own online shop, plus our best Google plan so local buyers find you and call, book a test ride or ask for financing.

Your package	Normal price	Your price	When
Complete website, every feature including the online shop	€5,500	€1,900 one-off	Live in 12 weeks
Google plan (SEO), our best plan	€900/month	€300/month	From the month after launch
Hosting and care: we keep the site online, safe and up to date		€60/month	From launch

You save €3,600 on the website and €600 every month on Google. To start: a 40% deposit of €760. All prices in EUR, excluding VAT.

Compared with aspgroup.ro

Your site keeps everything good about the importer's site and adds what a dealer needs to win customers in your area.

Area	What aspgroup.ro has	What your site adds
Models	All models by type (ATV, UTV, motorcycle) and brand, with photos and specs	Search by budget, engine size, number of seats and use (fun, farm, forest, kids)
Prices	Prices in euro and lei	Lei prices update by themselves every day
Financing	"Rate de la 40 €/lună" on each model	Customers see their monthly payment and can apply for financing online
Offers	A page with current offers	Offer pages ready for Google and Facebook ads
Customers	Contact form and phone numbers	Buttons to ask for a price, book a test ride, value a trade-in, call or WhatsApp. You see which ones bring customers
Showrooms	Their 4 showrooms listed	A page for each of your showrooms with map, hours and Google reviews
Articles	Company news	Buying guides and comparisons that people in Romania search for
Parts and gear	A separate shop (aspshop.ro)	Your own online shop for parts, helmets and clothing
Used vehicles	—	A page for used vehicles and trade-ins

Important: we write your own texts instead of copying aspgroup.ro, because Google ignores copied pages. Photos come from ASP's dealer kit, with their OK.

Site concept

Visitors land on any page from search, maps, ads or dealer listings. Every page keeps the five lead actions one tap away, and each lead is sent to the right showroom.

Every page on the site ends in one of five lead actions

Site map of your new website

What the website includes

Every feature we offer, in one build, live in 12 weeks: **€1,900** one-off instead of €5,500.

Part	What you get
Design	A design made for your brand. You see it first and can ask for changes twice before we build
Models	Every model you sell, sorted by type and brand. Customers search by budget, engine size, seats and use, and can compare up to 3 models side by side
Prices	Prices in euro and lei. The lei prices update by themselves every day
Getting customers	On every page: ask for a price, book a test ride, value a trade-in, apply for financing, call or WhatsApp. Each request goes straight to the right showroom by email
Financing	A monthly payment calculator on every model. In the shop, customers can pay in instalments
Used vehicles	A page for used vehicles and trade-ins
Online shop	Sell parts, accessories, helmets and clothing online. We set up to 2,000 products for you. Card payment, courier delivery (Fan Courier, Sameday, Cargus) and automatic invoices
Languages	Romanian and English
Ready for Google	Built so Google can read and rank it: fast on phones and easy for Google to understand
Results you can see	You can see how many people visit, where they come from and how many contact you
Legal	Cookie banner, privacy and terms pages, and the ANPC consumer badges required in Romania
After launch	90 days of free fixes and 3 hours of training, so your team can add models and offers alone
Ownership	The website is 100% yours

Your chance on Google

When someone in Romania wants an ATV or a motorcycle, they search on Google. The importer and the big dealer networks show up for the general searches. But searches for a specific model, or for a dealer in your city, are still easy to win, and those people are ready to buy.

Who you compete with	How they get customers from Google	How you beat them
aspgroup.ro (the importer)	Official pages for every model, plus paid Google ads	Your own texts (Google ignores copies), and a link from ASP's dealer page to your site
ATVRom	A separate website for each city (Bucharest, Braşov, Iaşi, Timișoara and more)	Strong pages for your own area, plus Google Maps reviews from your customers
motoclass.ro, atv-mag.ro, atv-vanzari.ro	Online catalogues with several brands	Easier search, monthly payments and buying guides
polarisofficial.ro	The official Polaris site, with a list of dealers	Get listed there: it is free and Google values it
OLX	Dealers post vehicles for sale there	Use it too, for extra customers

What your future customers search for

We will confirm the exact searches in the first two weeks.

What people search for	Examples of what they type in Google	How hard to win
A model and its price	linhai 370 promax pret, segway at5 l eps pret, royal enfield hunter 350 pret	Easy
A vehicle for a job	atv pentru agricultura, utv pentru ferma, atv pentru vanatoare, atv copii	Easy
Comparisons	linhai vs cfmoto, segway vs polaris, atv vs utv	Easy
A dealer near them	dealer atv [oraş], atv [oraş], service atv [oraş]	Medium
Buying advice	atv inmatriculare, ce permis trebuie pentru atv, atv in rate	Medium
Parts and gear	piese linhai, accesorii atv, casca atv	Medium
The big general searches	atv de vanzare, utv de vanzare, motociclete noi	Hard: 6 to 12 months

What the Google plan (SEO) includes

SEO means getting your website onto the first page of Google when people search for what you sell, without paying for each click. Our best plan: **€300/month** instead of €900. It starts the month after launch, for at least 6 months, with no extra costs.

Every month	What we do for you
Google Maps	We look after your Google Maps listing for each showroom: photos, weekly posts and more reviews
Business directories	We list your business on 35 Romanian business directories (first month)
Your pages	We improve 20 pages of your site so Google ranks them higher
Model texts	We write 12 original model descriptions
Articles	We write 5 articles in Romanian, such as “Which ATV for a farm?” or “Linhai vs CFMOTO”
Recommendations	4 Romanian moto, auto, farming or news websites link to yours (Google trusts sites that others recommend), plus 1 press article every 3 months
Health check	We check the site every week and fix any problem
Extras	Pages for the cities you serve, help with your YouTube videos, your shop products shown on Google Shopping
Report	A simple monthly report: how many calls, messages and requests came from Google, and a monthly call

What to expect

Months 1-3	Your showrooms start showing on Google Maps, and the first model pages appear on Google.
Months 4-6	People who search for models, comparisons or a dealer in your city find you and contact you.
Months 7-12	We go after the big searches, such as “atv de vanzare”.

We measure success in customers who contact you, not just in Google positions. Nobody can honestly promise you #1 on Google; we promise the work above and a clear report every month.

Running costs and add-ons

After launch the site costs €60 a month plus the domain; the add-ons are optional.

Item	Price (EUR, excl. VAT)	Notes
Hosting and care: we keep the site online, safe, backed up and up to date, plus 1 hour of small changes per month	€60/month	Needed unless you have your own technical team
Website address (.ro domain)	About €10/year	Registered in your company's name
Card payment fees	A small % per sale	Paid to the payment company, e.g. Netopia or Stripe
Model texts written before launch	€15 per model	After launch, the Google plan writes 12 per month
One more language	€500 one-off	For example Hungarian
Logo and brand design	€350 one-off	Only if you do not have one yet
Photo and video shoot at your showroom	Price on request	Your own photos and videos sell better
Running your Google and Facebook ads	From €250/month plus ad budget	The offer pages are already ready for it
Extra work not in the package	€25/hour	Always priced and agreed before we start

Payment terms

- The website is paid in three parts: 40% to start (€760), 30% when you approve the design (€570) and 30% when the site goes live (€570).
- This friend price is valid until 05.11.2026.
- Prices are in EUR, excluding VAT. You can also pay in lei at the National Bank (BNR) rate on the invoice date.
- The Google plan and hosting are paid monthly, starting the month after launch. The Google plan runs at least 6 months.
- You can ask for design changes twice. Anything extra costs €25/hour and is always agreed first.
- The 12 weeks start when we receive the items on the checklist. If something arrives late, launch moves by the same time.
- Once fully paid, the website, its design and its texts are 100% yours, and every account is in your company's name.
- We provide the legal pages (terms, privacy, cookies, returns) as templates; your lawyer should approve them.
- Brand logos and photos follow each brand's rules for dealers and need ASP's OK before launch.

How we work, step by step

Eight steps from signature to a site that brings in leads, live in week 12.

Step	What happens	Who	When	Payment
1. Accept	You sign the acceptance page	You	Week 0	—
2. Deposit	We send a proforma invoice for the deposit	Both	Week 0	40%: €760
3. Start	We study what your customers search for and plan the pages; you send us the items below	Both	Weeks 1–2	—
4. Design	We show you the design; you ask for changes (twice) and approve it	Us, then you	Weeks 2–4	30%: €570
5. Build	We build the site, add your models and set up the shop	Us	Weeks 4–11	—
6. Test	We test everything on phones and computers; you check it too	Both	Week 11	—
7. Launch	The site goes live and we connect it to Google and Google Maps	Us	Week 12	30%: €570
8. Grow	Every month: Google work, site care and a simple report	Us	From the next month	€360/month

What we need from you to start

- ☐ The signed acceptance page and the deposit payment
- ☐ Company details: legal name, CUI, Trade Register number and registered address
- ☐ The website address you want (we can help you choose and register one)
- ☐ Your logo and brand colours, if you have them
- ☐ The brands and models you sell
- ☐ ASP's dealer kit: photos, logos, spec sheets and price list
- ☐ For each showroom: address, opening hours, phone, WhatsApp number and the email that should receive requests
- ☐ Your financing partner and its terms (bank or leasing company)
- ☐ Access to your Google and Facebook business accounts, if you have any
- ☐ For the shop: accounts for card payments (Netopia or Stripe), a courier and invoicing (SmartBill or Oblio); we help you open them

Acceptance

Sign below to accept proposal OF-2026-001. We then send the proforma invoice for the €760 deposit and book the kickoff.

What you accept	Price
Complete website, every feature including the online shop, live in 12 weeks	€1,900 one-off
Google plan (SEO), our best plan, for at least 6 months	€300/month
Hosting and care	€60/month

By signing, both parties accept the scope, prices and terms in this proposal. All prices in EUR, excluding VAT.
