

PROPOSAL

Website & SEO for a powersports dealer in Romania

Concept, development and search engine optimisation for a reseller of the ASP Group range: Polaris, Segway Powersports, TGB, Linhai, Indian Motorcycle, Royal Enfield and more.

Prepared for	[Client company]
Prepared by	[Your company name]
Proposal no.	OF-2026-001
Date	06.10.2026
Valid until	05.11.2026

Summary

We recommend the Professional website plus the Growth SEO plan: a dealer site with the full ASP Group catalogue, built to win local Google searches and turn visitors into calls, test rides and financing requests.

	What	Price	When
Website	Professional package	€3,500 one-off	Live in 9 weeks
SEO	Growth plan	€550 / month	From the month after launch
Care	Hosting, updates, backups, security	€60 / month	From launch

All prices in EUR, excluding VAT.

The reference site, and what we add

aspgroup.ro is a strong importer catalogue. Your site keeps its structure and adds what a reseller needs: local reach, lead capture and original content.

Area	Keep from aspgroup.ro	Add for you as a reseller
Catalogue	Models grouped by type (ATV, UTV, moto, XTV) and brand, one page per model with specs and gallery	Filters by budget, engine size, seats, road registration and use (leisure, farm, forestry, kids)
Prices	EUR price with a RON equivalent (ASP uses a Banca Transilvania rate, 5.29 RON/EUR on 1 May 2026)	RON recalculated automatically every day, so prices never go stale
Financing	"Rate de la 40 €/lună" on model pages, through BT Direct	Payment calculator on every model and an online financing request sent straight to your partner
Promotions	A promotions page with old and new prices	Promo landing pages built for Google Ads and Meta campaigns, with stock badges
Leads	Contact forms, phone and showroom addresses	Request an offer, book a test ride, trade-in valuation, WhatsApp and click-to-call, all tracked in GA4
Local presence	4 own showrooms (Bucharest, Cluj, Timișoara, Sibiu)	A page per showroom or service area with map, hours, Google reviews and dealer schema
Content	News posts, such as Royal Enfield through Rabla 2026	Buying guides and comparisons written for Romanian searches
Parts and gear	A separate shop, aspshop.ro	Optional built-in shop for parts, helmets and apparel (Premium)
Used vehicles	—	A section for trade-ins and used units, a steady lead source for dealers

One rule: we write original text and do not copy from aspgroup.ro. Google ranks the original page, not the copy. Photos come from the importer's dealer marketing kit, with ASP's written OK.

Site concept

Visitors land on any page from search, maps, ads or dealer listings. Every page keeps the five lead actions one tap away, and each lead is sent to the right showroom.

Every page on the site ends in one of five lead actions

Site map for the Professional package; dashed box = Premium only

Website packages

Professional fits a multi-brand dealer: the full catalogue and every lead tool, without an online shop. Choose Premium if you also want to sell parts and gear online.

	Start	Professional (recommended)	Premium
Price	€1,900	€3,500	€5,500
Live in	5 weeks	9 weeks	12 weeks
Design	Premium theme adapted to your brand	Custom UX/UI design in Figma, 2 revision rounds	Same as Professional
Catalogue	Up to 60 models by brand and type, loaded by us	Unlimited models, smart filters, compare up to 3 models	Same as Professional
Prices	EUR + RON, updated daily	Same	Same
Leads	Request-an-offer form, call and WhatsApp buttons	Adds test-ride booking, trade-in valuation, financing request and routing of each lead to the right showroom	Same as Professional
Financing	—	Monthly payment calculator on every model	Adds instalments at checkout (e.g. TBI Bank, Mokka)
Used vehicles	—	Used and trade-in section	Same
Online shop	—	—	Parts, accessories, helmets and apparel: up to 2,000 products imported, card payments (Netopia or Stripe), couriers (Fan Courier, Sameday, Cargus), SmartBill or Oblio invoicing with e-Factura, Google Shopping and Meta feeds
Languages	Romanian	Romanian + English	Romanian + English
SEO foundation	Clean URLs, meta tags, XML sitemap, speed basics	Adds schema markup (product, offer, dealer), Core Web Vitals in the green, redirect plan	Adds product schema for the shop
Tracking	GA4 + Search Console	Adds Google Tag Manager, Google Ads and Meta conversions, Consent Mode v2	Same
Compliance	GDPR cookie banner, legal page templates, ANPC SAL/SOL badges	Adds accessibility to WCAG 2.1 AA	Adds ANPC-compliant checkout and returns pages
After launch	30 days of fixes, 1 h training	60 days of fixes, 2 h training	90 days of fixes, 3 h training

Every package is built on WordPress, mobile-first, with SSL and a pre-launch checklist. You own the site, the code and the content. One-off prices in EUR, excluding VAT.

SEO opportunity in Romania

Your opening is local and long-tail search. The importer and the ATVRom dealer network own the broad terms, but model-level questions and your own city are still winnable.

Competitor	How they win on Google	Your answer
aspgroup.ro (importer)	Official model pages and prices, plus paid Google Ads	Original model content; ask ASP to list and link your site on its dealer pages
ATVRom network	A separate site per city (atvrom-bucuresti.ro, atvrom-brasov.ro, atvrom-iasi.ro, atvrom-timisoara.ro and more), selling Linhai, TGB, Segway, CFMOTO and Can-Am	Fewer, stronger local pages backed by a Google Business Profile and real reviews
motoclass.ro, atv-mag.ro, atv-vanzari.ro	Multi-brand dealer shops with category pages	Better filters, financing tools and buying guides
polarisofficial.ro	Official Polaris site with a dealer list	A listing in its dealer locator: a free, highly relevant backlink
OLX	ASP and other dealers list stock there	A lead channel to run alongside SEO, not a ranking rival

Keyword clusters we will target

Search volumes are confirmed in the kickoff keyword study; competition is our estimate.

Cluster	Example searches (Romanian)	Page that ranks	Competition
Model and price	linhai 370 promax pret, segway at5 l eps pret, royal enfield hunter 350 pret, tgb blade 1000 pareri	Model pages with original reviews and specs	Low
Use cases	atv pentru agricultura, utv pentru ferma, atv pentru vanatoare, atv copii	Landing pages and articles	Low
Comparisons	linhai vs cfmoto, segway vs polaris, atv vs utv	Articles	Low
Local	dealer atv [oraș], atv [oraș], service atv [oraș], royal enfield [oraș]	Showroom pages and Google Business Profile	Low to medium
Buying guides	atv inmatriculare, ce permis trebuie pentru atv, atv in rate, motocicleta prin rabla	Articles	Low to medium
Parts and gear	piese linhai, accesorii atv, casca atv (Premium only)	Shop categories	Medium
Category	atv de vanzare, utv de vanzare, motociclete noi	Category pages	High: 6 to 12 months

SEO plans

We recommend Growth: enough content and links to lead local searches within about 3 months and model searches within about 6. Plans start the month after launch; the technical SEO foundation is already in every website package.

	Local	Growth (recommended)	Authority
Price per month	€300	€550	€900
Google Business Profile	Optimisation for each showroom, weekly posts, review plan	Same	Same
Romanian directory listings	15 at start	25 at start	35 at start
Pages optimised	5 per month	10 per month	20 per month
Original model descriptions	—	6 per month	12 per month
Articles in Romanian (1,000+ words)	1 per month	3 per month	5 per month
Quality Romanian backlinks	—	2 per month from moto, auto, agri and news sites	4 per month, plus 1 press release per quarter
Technical monitoring	Monthly	Weekly	Weekly
Reporting	Monthly report	Live dashboard of leads by channel, monthly call	Adds a quarterly strategy workshop
Extras	—	City landing pages	YouTube SEO for walkaround videos, Google Shopping feed (with Premium site), 1 conversion test per month

Link and content costs are included, with no extra bills. Minimum term 6 months; a 12-month contract gets 10% off. Monthly prices in EUR, excluding VAT.

What to expect on Growth

Months 1–3	Your showrooms appear in Google's local map results, and the first model pages reach page 1 or 2.
Months 4–6	Model, comparison and guide pages bring steady organic leads; local searches sit on page 1.
Months 7–12	We push for category terms such as “atv de vanzare” against ATVRom and the importer.

We judge success by leads (forms, calls, WhatsApp and financing requests) and track 50 keywords monthly. No one can honestly guarantee a #1 position on Google; we commit to the work and the reporting above.

Running costs and add-ons

A live site costs €60 a month plus the domain; everything else here is optional.

Item	Price (EUR, excl. VAT)	Notes
Care plan: EU hosting, plugin licences, updates, daily backups, security, uptime monitoring, 1 h of changes per month	€60/month (€90/month with the Premium shop)	Needed unless you host and maintain the site yourselves
.ro domain	About €10/year	Registered in your company's name
Card payment fees (Premium only)	Per transaction	Paid to the processor, e.g. Netopia or Stripe
Original model descriptions at launch	€15 per model	Growth and Authority SEO plans cover this over time
Extra language	€500 one-off	Translation and setup of one more language
Logo and visual identity	€350 one-off	Only if you do not have one yet
Showroom photo and video shoot	Quoted on request	Walkaround videos also feed YouTube SEO
Google Ads and Meta Ads management	From €250/month plus ad budget	The promo landing pages are already built for it
Work beyond the plan	€25/hour	Quoted before we start

Payment terms and conditions

- The website is paid 40% on signing, 30% when you approve the design and 30% at launch.
- This proposal is valid until 05.11.2026.
- Prices are in EUR, excluding VAT. We can invoice in RON at the BNR rate on the invoice date.
- SEO and Care plans are billed monthly in advance, starting the month after launch.
- Two design revision rounds are included. Extra rounds or new features cost €25/hour and are always quoted first.
- The timeline starts when we receive the items on the checklist. A late item moves launch by the same number of days.
- The site, code, design files and content become yours on final payment. Domain, hosting and Google accounts are opened in your company's name.
- Legal pages (terms, privacy, cookies, returns) come as templates for your lawyer to approve.
- Brand logos and photos follow each manufacturer's dealer guidelines and need ASP's approval before launch.

How we work, step by step

Eight steps from signature to a site that brings in leads. The Professional site is live in week 9.

Step	What happens	Who	When	Payment
1. Accept	You pick the package and plan, and sign the acceptance page	You	Week 0	—
2. Deposit	We send a proforma invoice for the deposit	Both	Week 0	40%
3. Kickoff	Keyword study, site map and content plan; you send the checklist items	Both	Weeks 1–2	—
4. Design	Design in 2 revision rounds, then your approval	Us, then you	Weeks 2–4	30%
5. Build	Development, catalogue loading, integrations and tracking	Us	Weeks 4–8	—
6. Test	Phones, browsers and forms checked; your final review	Both	Week 8	—
7. Launch	Site goes live; Search Console and Google Business Profile set up	Us	Week 9	30%
8. Grow	Monthly SEO and care, with a monthly report	Us	From month 2	Monthly

What we need from you to start

- ☐ Your choice of website package and SEO plan
- ☐ The signed acceptance page and the deposit payment
- ☐ Company details: legal name, CUI, Trade Register number and registered address
- ☐ Your domain name, or approval to register one
- ☐ Logo and brand colours, or the identity add-on
- ☐ The brands and models you sell, and your dealer agreement with ASP Group East
- ☐ ASP's dealer marketing kit: photos, logos, spec sheets and price list
- ☐ For each showroom: address, hours, phone, WhatsApp number and the email that receives leads
- ☐ Your financing partner and its terms (bank, leasing or buy-now-pay-later)
- ☐ Access to any existing Google Business Profile, Google Ads, Search Console and Facebook accounts
- ☐ Premium only: Netopia or Stripe, courier and SmartBill or Oblio accounts

Acceptance

Tick your choices and sign to accept proposal OF-2026-001. We then send the deposit proforma invoice and book the kickoff.

Website package	☐ Start, €1,900	☐ Professional, €3,500	☐ Premium, €5,500
